

Profile: Dave Oelschlaeger – President

Dave Oelschlaeger has over 20 years in the Information Technology field, including 18 in the Financial Industries. Dave is PMP certified and a graduate of the University of Wisconsin Milwaukee School of Business, majoring in Management Information Systems.

Dave served as the Sponsor and Exhibitor Committee lead for the 2006 PMI Milwaukee professional development day and Co-Chairperson for the 2007 PMI Milwaukee professional development day.

Dave's career has allowed him to travel to many states and several countries such as Bahrain, Dubai, Kuwait, Russia, Turkey, England, as well as Canada. One of Dave's largest projects was to convert the world's 3<sup>rd</sup> largest bank onto eFunds' processing application while working with MasterCard in a strategic partnership. Currently he is employed at FIS working in their Electronic Funds Transfer Global Software Project Management Office focused mainly on corporate integration and corporate audit projects.

For the third consecutive year, FIS a global leader in processing and technology solutions for financial institutions has been ranked the number-one banking technology provider in the world according to the annual FinTech 100 listing. The FinTech 100, a early compilation of top technology vendors by *American Banker* and the research firm Financial Insights, has also named FIS the world's number-two overall technology provider to the financial industry, which includes the banking, insurance and capital markets sectors.

Prior to FIS, Dave's professional career includes:

- Metavante
- eFunds
- Deluxe Data Systems Inc.
- Self employed consultancy
- Robert W. Baird
- CISCorp Consulting
- MPact Manufacturing Systems
